PAGES 2-7

Harry Potter™ The Magic is Building

Harry
Potter™

Harry Potter thought he was just an average boy, until he received an invitation to enroll at Hogwarts. There he learns the truth about his parents and himself: magic runs in the family! Now he's making new friends, confronting powerful foes, and learning to be the greatest wizard of them all!

Ron
Weasley™

Ron is one of Harry's best friends. Ron isn't as good with magic as Harry, but he's always ready to help when there's trouble.

Hermione
Granger™

Hermione is another good friend of Harry's. She can usually be found with her nose in a book of spells or a history of wizardry.

Hagrid™

Hagrid is the Keeper of the Keys and Grounds at Hogwarts. Though he looks fierce, he is actually a friend to Harry. Hagrid loves animals, and has always wanted a dragon as a pet.

Professor
Albus
Dumbledore™

Dumbledore is a wise and powerful wizard and the headmaster of Hogwarts School. He has been a great help to Harry on a number of occasions.

Professor
Snape™

Professor Severus Snape teaches Potions at Hogwarts and is the head of Slytherin House. He doesn't like Harry and does his best to make life difficult for him.

Press a button to toss the luggage out of the train.

4708 HOGWARTS EXPRESS™

You're invited to Platform Nine and Three-Quarters to board the Hogwarts Express! Make sure you have your wand, your spellbook, and all your other school supplies ready for the trip to Hogwarts School of Witchcraft and Wizardry. (Turn to page 6 and get a magical sneak peek of Hogwarts!)

4707 Hagrid's HUT™

Hagrid's Hut is on the edge of the Dark Forest, and it's one of Harry's favorite places to visit. Along with Hagrid, you'll discover Professor Dumbledore there and Norbert the Norwegian Ridgeback Dragon.

Spin the fireplace to spot Norbert the dragon.

Harry Potter™

Forbidden Corridor

Harry, Ron, and Hermione have to be very quiet, or they'll wake up Fluffy the three-headed dog! But watch out below!

Music from the flute will keep Fluffy sleeping.

Harry, Ron and Hermione are in the clutches of the Devil's Snare!

Beware of the trap door!

The Room of the Winged Keys

Harry Potter and Ron Weasley will need all their wits to catch a flying key! You never know what else you'll find!

Harry, Ron and Hermione search for the right key.

Harry catches the winged key!

Harry Potter

First years can expect to learn wizardry skills including how to make objects levitate.

After you disembark from the Hogwarts Express, boats will take you the rest of the way to Hogwarts Castle.

You're sure to make many new friends at Hogwarts, like Harry Potter and Ron Weasley.

Although he was expelled as a student years ago, Hagrid still serves Hogwarts as Keeper of Keys and Grounds.

Headmaster Dumbledore is always available to provide wise advice to new students.

Professor Snape teaches Potions here — keep an eye out for secret hiding places.

A baby Norwegian Ridgeback Dragon hides inside Hagrid's Hut.

MEET DANIEL RADCLIFFE!

Eleven year old Daniel Radcliffe is living a young actor's dream – playing Harry Potter in the upcoming movie *Harry Potter and the Sorcerer's Stone*. When he's not acting, he's a fan of the Fulham Football Club and Formula One Racing. Daniel answered questions about the world of *Harry Potter* and the new movie:

Q: Were you a fan of the *Harry Potter* books before you got the part?

A: I had read the first two, but at that stage in my life, I didn't really like reading. Then after I got the part I read all four of the books back to back. I even read the second twice because that is my favorite, and they helped me to branch off onto other books like stepping stones. I am quite a big reader now.

Q: *Harry Potter* is a worldwide phenomenon. Why do you think it is such a huge success with adults and children?

A: Because it is such an original idea. And it's never been done before, I think. And it's magic... and just the ideas that JK Rowling came up with are amazing.

Q: Other than magic, what makes the character of Harry so endearing to the world?

A: The character of Harry jumps off the page at you. And he's so real... I can think of a few boys like him. People can relate to him in whichever way because there's so many elements to Harry that make him so likeable.

Q: How do you think you are like Harry?

A: I think I'm very determined. I think I am also loyal, and think that if some of my friends got in trouble I'd stand up for them.

Q: Why do you think people will want to see the film version?

A: I think that anybody who has read the books will want to see if the film is how they've imagined it to be and if all the characters and their personalities are how they imagined it. And the movie is so true to the books and the story, I think they will be very surprised and happy.

TRICK or TREAT!

For 2 or more players.

It's Halloween, and the International Soccer All-Stars are ready to do some trick or treating! Their team bus has just pulled into Jack Stone's hometown, and now it's time for costumes and candy!

Instructions: To play, you'll need two or more of your favorite mini-figures, a six-sided die (like the ones used in most board games), and some LEGO® bricks.

Players place their mini-figures on "Start." On each turn, a player rolls the die, moves the number of spaces, and follows any instructions on the board.

The player who finishes the game with the most LEGO bricks is the winner!

...TEST
BUILDERS

Father, Son Team

Nick Marinelli, 11, and his father, Dave, got to take a sneak peek at the new Robotics Invention System 2.0. After building two cool robots that can communicate with each other, they're ready for more!

"The nice thing about RIS is that you can build a model and get it to do different things," said Dave. "We plan to play with it more."

RIS is designed to let you build and program your own robotic creations, and Nick felt 2.0 was an improvement over Robotics Invention System version 1.5. "It's mainly more interesting because it has more features. It was easy to do."

Father and son worked together to build a robot fisherman and fish, which took "about an hour or two," according to Nick.

Following their test build, Dave had high praise for the set. "I think it's a real good toy... it teaches the basics of programming and design and there are models for every age."

"I have three kids, 11, 13, and 15 and they've all built models with RIS."

Welcome to the

NEW LEGO MANIAC Clubhouse!

WHAT IS THE LEGO MANIAC CLUBHOUSE?

The LEGO Maniac Clubhouse is a fun place for kids and adults to come hang out, play with LEGO bricks, and learn a thing or two about being a LEGO Master Model Builder.

WHAT CAN I SEE OR DO THERE?

The Maniac Clubhouse features a brand new show--the Maniac Click & Build--that teaches kids some "Basic Brickology". It also features a new BIONICLE™ diorama, light-box displays of all 72 collectable BIONICLE masks, and more.

WHAT IS A "MAKE AND TAKE" MODEL?

A "Make & Take" model is a small "kit" designed by the Model Designers and only available at LEGOLAND! Guests can purchase the model in the Clubhouse, and either build it right there or take it home to build.
